Overview

Clients turn to Martin Robertson for advice on cross-border mergers and acquisitions, reorganisations, joint ventures, private equity and venture capital transactions; and on all matters of corporate and commercial law. Martin acts for a wide range of clients, including local and international blue chip corporations, public and private businesses, private equity houses and family offices.

Experience

- Advising the world's largest builder of cruise ships in the US\$1.2 billion acquisition of a 50.75% stake in a Singapore listed offshore and specialist vessels company.
- Advising leading HK headquartered conglomerate on dozens of acquisitions in Asia, Europe and the US, structured as earn-out arrangements.
- Advising a global retailing company in connection with the injection of Japanese retailing business into pan-Asian retailing joint venture with a large US retailing corporation.
- Advising corporate and PE investors in connection with a US\$1.1 Billion leveraged acquisition from a leading Hong Kong-based supply chain solutions company of its product verticals business.
- Advising a consumer industry focused private equity firm in connection with various divestments and equity investments.
- Advising a leading global security and access solutions company in connection with the acquisition of certain mechanical security businesses, and on the subsequent sale of one of those businesses.
- Advising a company in the tourism/entertainment industry in relation to the sale of an 80% stake in a Macau commercial bank to a Chinese financial institution for approximately US\$600 million.

- Advising a London-based hedge fund in relation to the acquisition for approximately US\$200 Million of a 26% equity interest plus senior notes in a PRC infrastructure project.
- Advising a Taiwanese electronics manufacturing company on its US\$200 Million joint venture with a German headquartered electronics retailer.
- Advising HK based family office on its joint venture with a leading PRC conglomerate on the establishment of a US\$300 Million investment platform focusing on businesses with quality brands, products, services and technologies.
